INDEX TO VOLUME 19

PAGE

Abnormalities, roentgen-ray demonstration of abnormalities of gastro-intestinal tract in children; C. G. Kerley..... 277

Acetone, elimination of acetone bodies during infectious fevers; B. S. Veeder and M. R. Johnston..... 141

Achondroplasia, study of achondroplasia, introducing a new symptom—wedge-shaped vertebra; T. F. Wheeldon..... 1

Allergy in infants and children; O. M. Schloss..... 433

Anaphylaxis, review of literature of past five years on anaphylaxis and related phenomena; A. R. Cunningham..... 392

Anatomy, physiology and pathology of infancy and childhood, recent work in; J. B. Holmes..... 418

Arthritis deformans, etiology of, in children; A. H. Byfield..... 87

Athrepsia, results of some experimental work with sodium cacodylate on athreptic infants; F. S. Clarke and A. Dow..... 260

Atrophic infants, dextrose tolerance in; P. M. Mattill, K. M. Mayer and L. W. Sauer..... 42

Bacillus of Pfeiffer in inflammations of respiratory tract in children. M. Wollstein and R. C. Spence..... 459

Baker, H. M.: Incidence of protein sensitization in normal child..... 114

Blood, nitrogenous and sugar content of, of new-born; J. P. Sedgwick and M. R. Ziegler..... 429

Blood, studies with new method for determining coagulation time of blood in new-born; F. C. Rodda..... 269

Boorstein, S. W.: Treatment of birth fractures at Fordham Hospital..... 375

Brown, A.: Effect of intravenous injections of calcium in tetany and influence of cod liver oil and phosphorus in retention of calcium in blood... 413

Buffalo, food value of milk of water buffalo; W. W. Cadbury..... 38

Bullous eruption complicating measles; F. C. Neff..... 469

Burr, C. W.: Hemorrhage into spinal cord at birth..... 473

Byfield, A. H.: Antineuritic and growth stimulating properties of orange juice..... 349

Byfield, A. H.: Etiology of arthritis deformans in children..... 87

Cadbury, W. W.: Food value of milk of water buffalo..... 38

Calcium, effect of intravenous injections of calcium in tetany and influence of cod liver oil and phosphorus in retention of calcium in blood; A. Brown, I. F. MacLachlan and R. Simpson..... 413

Calcium metabolism of infants and young children and relation of calcium to fat excretion in stools; children taking a mixed diet; L. E. Holt, A. M. Courtney and H. L. Fales..... 201

PAGE

Calcium metabolism of infants and young children, and relation of calcium to fat excretion in stools; infants taking modification of cow's milk; L. E. Holt, A. M. Courtney and H. L. Fales 97

Calhoun, H.: Résumé on circulatory system; review of literature of 1917, 1918 and 1919 62

Chondrodysplasia; multiple cartilaginous exostoses, report of cases; H. L. Dwyer 189

Circulatory system, résumé on; review of literature of 1917, 1918, 1919; H. Calhoun 62

Clarke, F. S.: Results of some experimental work with sodium cacodylate on athreptic infants 260

Cod liver oil, effect of intravenous injections of calcium in tetany and influence of cod liver oil and phosphorus in retention of calcium in blood; A. Brown, I. E. MacLachlan and R. Simpson 413

Colon, dilatation of, in children. A. E. Meyers 167

Courtney, A. M.: Calcium metabolism of infants and young children and relation of calcium to fat excretion in stools; children taking a mixed diet 201

Courtney, A. M.: Calcium metabolism of infants and young children and relation of calcium to fat excretion in stools; infants taking a modification of cow's milk 97

Craniotabes and beading of ribs as signs of rachitis; H. Schwarz 384

Cunningham, A. R.: Review of literature of past five years on anaphylaxis and related phenomena 392

Daniels, A. L.: Antineuritic and growth stimulating properties of orange juice 349

DeBuys, L. R.: Case of anomaly of diaphragm with herniation into thorax of certain viscera resulting in gastric and intestinal obstruction 55

Dehydrated infants, fluid injections in; S. McLean and C. A. Lang 359

Dextrose tolerance in atrophic infants; P. M. Mattill, K. M. Mayer and L. W. Sauer 42

Diaphragm, anomaly of, with herniation into thorax of certain viscera resulting in gastric and intestinal obstruction; L. R. DeBuys 55

Dow, A.: Results of some experimental work with sodium cacodylate on athreptic infants 260

Dwyer, H. L.: Chondrodysplasia; multiple cartilaginous exostoses, report of cases 189

Emphysema, subcutaneous, in an infant three days old; H. K. Faber 388

Esophagus, congenital stricture of, report of two cases; J. L. Morse 144

Exostoses, multiple cartilaginous exostoses, report of cases; H. L. Dwyer 189

Eyster, J. A. E.: Auriculoventricular heart block in children, with report of case 131

Faber, H. K.: Subcutaneous emphysema in an infant three days old 388

Fales, H. L.: Calcium metabolism of infants and young children and relation of calcium to fat excretion in stools; children taking a mixed diet 201

PAGE

Fales, H. L.: Calcium metabolism of infants and young children, and relation of calcium to fat excretion in stools; infants taking a modification of cow's milk..... 97

Fat, relation of calcium to fat excretion in stools; L. E. Holt, A. M. Courtney and H. L. Fales.....97, 201

Feces, relation of calcium to fat excretion in stools; L. E. Holt, A. M. Courtney and H. L. Fales.....97, 201

Feeding, Von Pirquet's feeding system; H. K. Faber..... 478

Fordyce's disease as pseudokoplik spots and cause of mistakes in diagnosis of measles; J. C. Regan..... 455

Foreign bodies in air and food passages; E. E. Graham..... 119

Fractures, treatment of birth fractures at Fordham hospital; S. W. Boorstein 375

Friedstein, H.: Water retention in pneumonia..... 337

Gastro-intestinal tract, roentgen-ray demonstration of abnormalities of, in children; C. G. Kerley..... 277

Goldbloom, A.: Improved needle for sinus therapy..... 229

Goldbloom, A.: Prognosis in operated cases of hypertrophic stenosis of pylorus 263

Graham, E. E.: Foreign bodies in air and food passages..... 119

Heart, auriculoventricular heart block in children, with report of case; J. A. E. Eyster and W. S. Middleton..... 131

Hemorrhage into spinal cord at birth; C. W. Burr..... 473

Hess, A. F.: Scorbutic beading of ribs..... 331

Holmes, J. B.: Recent work in anatomy, physiology and pathology of infancy and childhood..... 148

Holt, L. E.: Calcium metabolism of infants and young children and relation of calcium to fat excretion in stools; children taking a mixed diet 201

Holt, L. E.: Calcium metabolism of infants and young children, and relation of calcium to fat excretion in stools; infants taking a modification of cow's milk..... 97

Infant and child mortality, including miscarriages and stillbirths; H. Schwarz 249

Infant feeding, artificial infant feeding; give baby enough; M. Ostheimer 386

Infectious fevers, elimination of acetone bodies during; B. S. Veeder and M. R. Johnston..... 141

Injection, improved needle for sinus therapy; A. Goldbloom..... 229

Intestinal obstruction, case of anomaly of diaphragm, with herniation into thorax of certain viscera resulting in gastric and intestinal obstruction; L. R. DeBuys..... 55

Intestine, length of large and small intestine in young children; L. Robbin 370

Injections, fluid, in dehydrated infants; S. McLean and C. A. Lang..... 359

Johnston, M. R.: Elimination of acetone bodies during infectious fevers.. 141

Johnston, M. R.: Renal function in scarlet fever..... 223

Kerley, C. G.: Roentgen-ray demonstration of abnormalities of gastro-intestinal tract in children..... 277

PAGE

Kidney function in scarlet fever; B. S. Veeder and M. R. Johnston..... 223
Kolmer, J. A.: Prenatal syphilis, with plea for its study and prevention.. 344

Lang, C. A.: Fluid injections in dehydrated infants..... 359
Loughlin, R.: Antineuritic and growth stimulating properties of orange juice 349
Lungs, abscess of, in infants and children; H. Wessler and H. Schwarz.. 137
Lussky, H. O.: Water retention in pneumonia..... 337

McClanahan, H. M.: Osteogenesis imperfecta congenita..... 181
MacLachlan, I. F.: Effect of intravenous injections of calcium in tetany and influence of cod liver oil and phosphorus in retention of calcium in blood 413
McLean, S.: Fluid injections in dehydrated infants..... 359
Mattill, P. M.: Dextrose tolerance in atrophic infants..... 42
Mayer, K. M.: Dextrose tolerance in atrophic infants..... 42
Measles, bullous eruption complicating measles; F. C. Neff..... 469
Measles, Fordyce's disease as pseudokoplik spots and cause of mistakes in diagnosis of measles; J. C. Regan..... 455
Meyers, A. E.: Dilatation of colon in children..... 167
Michael, M.: Résumé of literature on tuberculosis in children during 1918 and 1919..... 287
Middleton, W. S.: Auriculoventricular heart block in children, with report of case 131
Milk, food value of milk of water buffalo; W. W. Cadbury..... 38
Milk, hypersensitiveness to cow's milk; E. A. Park..... 46
Morse, J. L.: Report of two cases of congenital stricture of esophagus.... 144
Mortality, infant and child mortality, including miscarriages and still-births; H. Schwarz..... 249

Needle, improved, for sinus therapy; A. Goldbloom..... 229
Neff, F. C.: Bullous eruption complicating measles..... 469
Nitrogenous and sugar content of blood of new-born; J. P. Sedgwick and M. R. Ziegler..... 429

Orange juice, antineuritic and growth stimulating properties of; A. H. Byfield, A. L. Daniels and R. Loughlin..... 349
Osteogenesis imperfecta congenita; H. H. McClanahan and W. W. Willard 181
Ostheimer, M.: Artificial infant feeding; give baby enough..... 386

Park, E. A.: Case of hypersensitiveness to cow's milk..... 46
Pathology, recent work in anatomy, physiology and pathology of infancy and childhood; J. B. Holmes..... 418
Phosphorus, effect of intravenous injections of calcium in tetany and influence of cod liver oil and phosphorus in retention of calcium in blood; A. Brown, I. F. MacLachlan and R. Simpson..... 413
Physiology, recent work in anatomy, physiology and pathology of infancy and childhood; J. B. Holmes..... 418
von Pirquet's feeding system; H. K. Faber..... 478

PAGE

Pneumonia, water retention in; H. O. Lussky and H. Friedstein..... 337

Progress in pediatrics.....62, 148, 230, 287, 392, 478

Protein, incidence of protein sensitization in normal child; H. M. Baker.. 114

Pylorus, prognosis in operated cases of hypertrophic stenosis of pylorus; A. Goldbloom and R. C. Spence..... 263

Rachitis, craniotabes and beading of ribs as signs of; H. Schwarz..... 384

Regan, J. C.: Fordyce's disease as pseudokoplik spots and cause of mistakes in diagnosis of measles..... 455

Respiratory diseases, review of literature on; L. C. Schroeder..... 231

Respiratory tract, bacillus of Pfeiffer in inflammations of, in children; M. Wollstein and R. C. Spence..... 459

Ribs, craniotabes and beading of ribs as signs of rachitis; H. Schwarz 384

Ribs, scorbutic beading of ribs; A. F. Hess and L. J. Unger..... 331

Robbin, L.: Length of large and small intestine in young children..... 370

Rodda, F. C.: Studies with a new method for determining coagulation time of blood in new-born..... 269

Sauer, L. W.: Dextrose tolerance in atrophic infants..... 42

Scarlet fever, renal function in; B. S. Veeder and M. R. Johnston..... 223

Schloss, O. M.: Allergy in infants and children..... 433

Schroeder, L. C.: Review of literature on respiratory diseases..... 231

Schwarz, H.: Abscess of lungs in infants and children..... 137

Schwarz, H.: Craniotabes and beading of ribs as signs of rachitis..... 384

Schwarz, H.: Infant and child mortality, including miscarriages and stillbirths 249

Scorbutus, beading of ribs in; A. F. Hess and L. J. Unger..... 331

Sedgwick, J. P.: Nitrogenous and sugar content of blood of new-born.. 429

Simpson, R.: Effect of intravenous injections of calcium in tetany and influence of cod liver oil and phosphorus on retention of calcium in blood 413

Sinus therapy, improved needle for; A. Goldbloom..... 229

Sodium cacodylate, results of some experimental work with, on athreptic infants; F. S. Clarke and A. Dow..... 260

Spence, R. C.: Bacillus of Pfeiffer in inflammations of respiratory tract in children 459

Spence, R. C.: Prognosis in operated cases of hypertrophic stenosis of pylorus 263

Spinal cord, hemorrhage into, at birth; C. W. Burr..... 473

Stillbirths, infant and child mortality; including miscarriages and stillbirths; H. Schwarz..... 249

Sugar and nitrogenous content of blood of new-born; J. P. Sedgwick and M. R. Ziegler..... 429

Syphilis, prenatal, with plea for its study and prevention; J. A. Kolmer... 344

Tetany, effect of intravenous injections of calcium in, and influence of cod liver oil and phosphorus on retention of calcium in blood; A. Brown, I. F. MacLachlan and R. Simpson..... 413

PAGE

Tuberculosis, résumé of literature on tuberculosis in children during 1918 and 1919; M. Michael 287

Unger, L. J.: Scorbutic beading of ribs 331

Urine, elimination of acetone bodies during infectious fevers; B. S. Veeder and M. R. Johnston 141

Veeder, B. S.: Elimination of acetone bodies during infectious fevers 141

Veeder, B. S.: Renal function in scarlet fever 223

Wessler, H.: Abscess of lungs in infants and children 137

Wheeldon, T. F.: Study of achondroplasia, introducing new symptom—wedge-shaped vertebra 1

Willard, W. W.: Osteogenesis imperfecta congenita 181

Wollstein, M.: Bacillus of Pfeiffer in inflammations of respiratory tract in children 459

Ziegler, M. R.: Nitrogenous and sugar content of blood of new-born 429

The American Medical Association will pay thirty cents each for the following issues of the AMERICAN JOURNAL OF DISEASES OF CHILDREN: January, 1913; February, March, November and December, 1914; January and August, 1915; January, 1918; March and April, 1919. Address to AMERICAN MEDICAL ASSOCIATION, 535 North Dearborn Street, Chicago, Ill.
